

Corrigendum

Corrigendum to “Laser powder-bed fusion additive manufacturing: Physics of complex melt flow and formation mechanisms of pores, spatter, and denudation zones” [Acta Mater. 108 (2016) 36–45]

Saad A. Khairallah*, Andrew T. Anderson, Alexander Rubenchik, Wayne E. King

Lawrence Livermore National Laboratory, 7000 East Ave. Livermore, CA 94550

The authors regret that the recoil pressure P formula had a missing minus sign factor in the argument of the exponent. In the corrected formula, the fractions inside the parentheses are switched instead $P(T) = 0.54P_a \exp^{\frac{\lambda}{K_B}(\frac{1}{T_b} - \frac{1}{T})}$.

The authors would like to apologise for any inconvenience caused.
